ABOUT BOW RIVER

Founded in 2003, Bow River Capital is a Denver-based alternative asset manager with buyout private equity, real estate and software growth equity platforms. The firm has deep experience investing in private markets and creating value for business owners and investors, and deploys capital in diverse industries, asset classes and across the capital structure.

RISK DISCLOSURES

An offer can only be made by the prospectus and only in jurisdictions in which such an offer would be lawful. The prospectus contains important information concerning risk factors and other material aspects of the Fund to carefully consider, and must be read carefully before a decision to invest is made. Please visit www.bowriverevergreen.com or contact your Financial Advisor to obtain a copy of the prospectus.

Any person subscribing for an investment must be able to bear the risks involved and must meet the suitability requirements of the Fund. Investors could lose all or a substantial amount of their investment. No assurance can be given that the Fund's investment objectives will be achieved. The Fund is speculative and involves a substantial degree of risk. The Fund is a closed-end, non-diversified management investment company that will make periodic repurchase offers for its securities, and is highly illiquid. There is no secondary market for investors' interests and none is expected to develop. There are certain restrictions on transferring interests. Fees and expenses will offset the Fund's trading profits. The Fund is subject to conflicts of interest. Other risks include those related to equity securities, fixed income securities, high-yield/high risk bonds, listed private equity, listed infrastructure securities, foreign securities, derivative instruments, leverage, capital calls, investment manager risk, as well as those related to general economic and market conditions, all of which may present significant risks. Please see the prospectus for more information on these and other risks.
